SYNOPSIS

06/25/2009 - On June 25, 2009 Special Agent (b) (6), (b) (7)(C) interviewed Burke Engineering Licensed Land Surveyor (b) (6), (b) (7)(C), (b) (6), (b) (7)(C), Schererville, IN regarding (b) involvement with the Village of Crestwood. (b) (6), (b) (7)(C) stated that (b) has conducted survey work for the Village but never on the water well.

DETAILS

(b) (6), (b) (7)(C) has been employed with Burke since approximately sometime in 2004. Before working at Burke, (b) worked for Butler Engineering after obtaining (b) four year college degree in land surveying.

(b) (6), (b) (7)(C) immediate supervisor is (b) (6), (b) (7)(C), and they both report to (b) (6), (b) (7)(C) and (b) (6), (b) (7)(C). (b) (6), (b) (7)(C) is retired but continues to come in from time to time to stay involved in the company.

(b) (6), (b) (7)(C) duties are mostly field work conducting land surveys, engineering toll polls, tipping manholes, and surveying water pipes.

(b) (6), (b) (7)(C) felt that if there was any work being done on the well it was being done before (b) was employed by Burke.

The last job (b) did in Crestwood was to establish a right-of-way around the water tower. This was conducted after Crestwood received all the media attention during the US EPA's search warrant.

There was an email that was scanned into the system and sent out to employee's from Burke's attorney advising them not to destroy any records. This memo was copied and provided to SA (b) (6), (b) (7)(C). SA (b) (6), (b) (7)(C) gave the memo to SA in Charge (b) (6), (b) (7)(C).
